Mr. Hazmi Yusof, Senior Vice President and Malaysia Managing Director at Frost & Sullivan said that the award recipients have demonstrated exemplary achievements in the local market. Industry analysts compare market participants and measure performance through in-depth interviews, analysis and extensive secondary research in order to identify best practices in the industry.

The findings of the detailed evaluation are then presented to a panel of independent judges comprising influential personalities and leaders in Malaysia, to decide the recipient for the ICT categories. For more information, please visit www.malaysia-awards.com
